

Gaurav Kuntal

Full Stack Developer (MERN Stack)

9675844189 | gauravkuntal393@gmail.com | linkedin.com/in/GauravKuntal | github.com/thegauravkuntal
Mathura, Uttar Pradesh

Summary

Motivated Full Stack Developer with strong hands-on experience in MERN stack gained through real-world projects and internship. Proficient in building responsive user interfaces, developing RESTful APIs, and working with databases. Passionate about clean code, problem solving, and continuously improving development skills.

Experience

MERN Stack Developer Intern

Oct 2025 – Dec 2025

PingMedia

- Worked on CarPointMax.com, a real-world car marketplace web application built using the MERN stack
- Developed and maintained responsive frontend components using React.js and Tailwind CSS
- Integrated frontend with backend REST APIs to display dynamic car listings and detailed car information
- Assisted in building and testing backend APIs using Node.js and Express.js for car data management
- Collaborated with team members to debug issues, improve UI performance, and enhance user experience
- Learned complete application workflow including frontend-backend communication, API handling, debugging, and teamwork in a production environment

Skills

Technical Skills: HTML5, CSS, Bootstrap, JavaScript, React.js, Tailwind CSS, Node.js, Express.js, MongoDB

Developer Tools: GitHub, Postman, VS Code, Sublime Text

Soft Skills: Communication, Problem Solving, Teamwork, Time Management, Adaptability

Projects

E-Commerce Website (MERN)

Full Stack Project

React, Node.js, Express.js, MongoDB

- Developed a complete e-commerce web application with product listing, cart, and checkout features
- Designed and implemented secure REST APIs using Express.js and MongoDB for managing products and users
- Built dynamic frontend using React.js with reusable components and API integration
- Learned end-to-end application development including database design, authentication flow, and error handling

Gym Management System (MERN Full Stack)

Full Stack Project

React, Node.js, Express.js, MongoDB

- Developed a complete Gym Management System to manage members, trainers, subscriptions, and monthly plans
- Built admin dashboard with member registration, fee tracking, attendance, and membership status
- Created authentication system with protected routes for admin and users
- Designed backend APIs for gym members data, payments, and subscription records efficiently
- Implemented responsive modern UI using Tailwind CSS ensuring mobile-friendly design

Education

Dr. B.R. Ambedkar University

Bachelor of Arts (B.A)

Mathura, UP

2021 – 2024

S.S.G.D Public School

12th Standard

2020 – 2021

Certifications

- Web Development Certification – PingMedia
- CCC & DOAP – Shree Ji Computer Institute
